

Affiliated Clubs
Year End Report
December 27, 2009

Not a lot to report with the affiliated clubs this year. We added the East Coast Pygmy Goat Club in January 09. There was some interest for a group to start a youth club but they changed their minds after I sent them a packet.

I talked with Maggie Leman about updating “The Club Pack” and adding or omitting anything that pertains. We also talked about getting it retyped and saved in an electronic format. I am going to work on that and get prices and will have it ready by the June board meeting.

I am in the process of getting updated information on all the clubs. Some of the links no longer work on the NPGA web site; I will get that corrected as clubs get a hold of me with their updated information.
