

Historical Ad Hoc Committee
January 2012

I have been forced to take a new tract with what I wanted to accomplish with this committee. Literally no one has stepped up to the plate and followed through with what I had outlined that I wanted to do. So...I am going to begin the work here in Region 4 and begin contacting individuals among the original members who are still around to see what we can uncover of our past. Then I will see if we can't get one or two of the articles printed in MEMO and maybe more members will think of stories about the pioneers in their Regions. After we do enough of these stories perhaps there will be enough to compile a separate publication.

I am currently talking with Dee Genda, one of the people at the initial meeting of NPGA before it truly organized.
