

## Webmaster Report June 2018

It looks like the issue Dori was having getting the herdbook to load for her has resolved. Have no idea what either of us did but it now seems to work well.

I am occasionally contacted by a member regarding their herdbook subscription, forgotten password, trouble logging in, etc. Those are typically resolved quickly. It is best to contact me through my personal email at [maggidans@msn.com](mailto:maggidans@msn.com).

I believe the issue with expired herdbook subscribers being directed to a page informing them of such has been resolved.

Show Results will be updated shortly.

I would like to remind the board that I do not make any changes to any of the official documents on the website nor to any page except by direct order of the board through instructions from the VP or President. The only exception is a change in personal contact information for breeders, volunteers, judges, etc. When the R&R, Show Rules, Bylaws, Job Descriptions (I remember from my time as a director that these are often overlooked when motions are made.), or any other page is modified, typically the NPGA secretary makes these changes and submits them to me to post. I would also appreciate getting a notification for any changes that need to be made directly from the VP or President rather than trying to glean them from the minutes.

I continue to pay WSM to provide myself with routine technical support at 1 hour a month (\$139.00).

Respectfully,

Maggie Leman
